

Syllabus for eLearning path – transition to SCIEX OS software for SCIEX Triple Quad and QTRAP systems

With videos, interactive modules and frequent knowledge checks, SCIEX Now Learning Hub eLearning paths provide a dynamic online learning experience for better engagement and higher retention of information.

Course goals and outcome

This training program is a self-paced eLearning path for SCIEX Triple Quad and QTRAP quantitation using SCIEX OS software. It is designed for learners who are experienced with the operation of SCIEX LC-MS/MS systems and offers a workflow certificate upon completion of a final knowledge assessment.

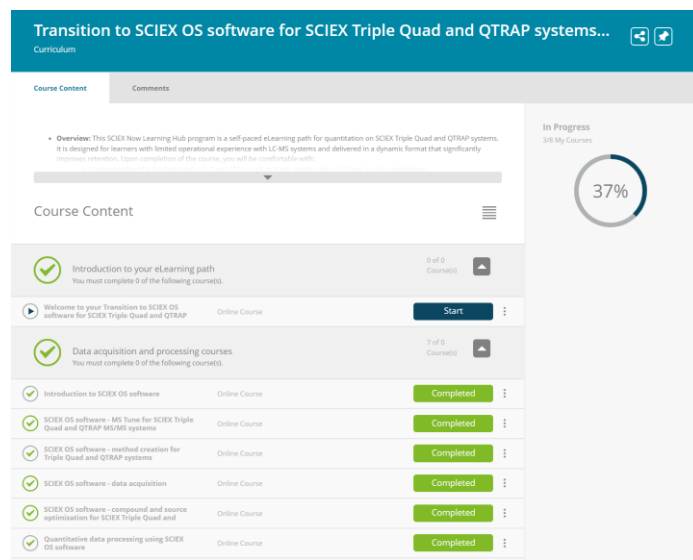

Upon completion of this training program, you should feel comfortable with:

- Creating and optimizing SCIEX OS acquisition methods
- Performing data acquisition
- Performing quantitative data processing
- Maintaining and troubleshooting your instrument

Training program overview

Your eLearning path includes the following:

- ~4 hours of software and workflow related eLearning courses
- ~4 hours of advanced eLearning courses
- Access to SCIEX Now Learning Hub database of >100 eLearning courses
- Access to SCIEX Now online support tools
- Workflow certificate upon successful completion of final exam and permanent access to all course materials for reference
- Provided for 1 primary learner
